GIVING BACK

Our special needs partnership at work...

Part of our mission is to give back to the community and we're fully dedicated to helping those who need it. That's why our wicking process is completed by adults with special needs through a community partnership program in Vineland, NJ. Each day, special needs adults work for as little as a few minutes a day, or as much as 5 to 6 hours a day, wicking each of our candle jars. How much they work is all up to them! All of our "wickers" bring home a paycheck each day for all that they've accomplished building a sense of pride and purpose. It's just our little way of "giving back!"
